Black Splotches All Over Face -Produced Severe !tching-Year's Treatment by Physicians Did No Good and Became Despondent-Affected Parts Now Clear as Ever - Alabama Lady's

CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe it thing irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good.

"Finally I became despondent and decided to discontinue their services. Shortly afterwards, my bashand in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Scap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt as ymptom of the eczema since, which was three years ago.

"The Cuticura Remedies not only

"The Cuticura Remedies not only cured me of that dreadful discase, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't healthle in saying that the Resolvent is the best blood medicine that the world has ever known." Norfolk.

Librarian J. P. Kennedy was with the board during the entire session. The samual report of the librarian for the fiscal year just ended was read, adopted and ordered printed.

It sets out the important work that has been done during the year, looking to the improvement of conditions, and shows the library to be in spiendid shape, considering the limited space available. The report strongly urges the construction of a new building to be used exclusively for the State Library and the Library of the Court of Appeals.
